Hey there! Congrats on your engagement!

You're probably overwhelmed with all the wedding information, planning, and figuring out what needs to be done. Hopefully, I'll be able to help you capture all these happy moments, help you plan this part and make your life a little bit easier and less stressful.

I specialize in cinematic and documentary wedding and elopement photography capturing all these candid and amazing moments. I'm located in Edinburgh but available around Scotland, and other destinations.

When it comes to destination elopements, I absolutely love travelling to unique and breathtaking locations to capture couples in love. Especially we have so many gorgeous locations here in Scotland!

Let's hike, go to a beach surrounded by mountains, or get lost in the Highlands! I'd love to create these memories with you and document the beauty of your love story in any destination you choose! I'll do my best to help throughout the preparation process and will try to make your elopement day as special and joyful as it can get!

*With love,
Anastasia*
